FOREWORD

This alphabetical list of Aeronautical Bibliographies with subject contents was prepared in response to a number of requests to serve as a helpful guide in the location of specific subjects listed in the complete set of fifty subjects published during the past four years.

The present volume was prepared for publication by the Work Projects Administration with funds allotted for that purpose to Project 65-1-97-21 W.P. 14, which is sponsored by New York City, Department of Docks, with the Institute of the Aeronautical Sciences, Inc., directing the publishing staff workers.
